

Jordan Maywald

Experience and Product Designer.

Design thinker at the intersection of technology and people. I help brands take creative leaps forward and inspire diverse teams to build great, inclusive products.

May 2021 - Present

ASG Group

Experience Design Consultant, AU

Clients: ECH, Discovery Parks, Dept. For Education.

At ASG, I've been engaged in several cross-functional advisory teams as a UX subject matter expert to deliver outcome-based projects across the government and private sectors.

- Leading UI practice nationally for ASG, facilitating workshops and upskilling a team of 5+ designers.
- Successfully delivered outcome-based UI projects for Dept. for Ed, ECH and Discovery Parks
- Leading facilitation of Design Thinking and Agile workshops for C-level suite across ASG and client organisations.

Jan 2018 - May 2021

Spacetalk Limited

Global Design Lead, AU & UK

As Design Lead, I was responsible for consumer experience across several company divisions in AU, UK & NZ. This included the design and development of digital and physical products, user experience, brand experience and marketing content design.

- Led an internal team to design and successfully launch two wearable devices into 600+ retail stores in Australia and New Zealand. Including the reddot award-winning Spacetalk Adventurer.
- Designed and maintained a cross-product UI and design system for three wearable devices, iOS/Android and Web.

April 2021 - Present

Suez Limited

UX Design Consultant, AU

Working on a freelance contract, I re-developed the surfaces of a complex suite of engineering products to be more accessible and usable.
